

# For Everyone's Health

Mount Carmel Senior Living is taking precautionary measures, following guidance from the Centers for Disease Control and Prevention (CDC) and CMS, which has released guidelines for healthcare facilities to contain the spread of the Covid-19 virus. Mount Carmel Senior Living's number one priority is the health and safety of our residents and associates. In accordance with CMS guidance and the recommendation of the White House, we are restricting all guests at this time outside of medical personnel, our staff, and those families with end of life care situations. We apologize about the inconvenience that this might cause and appreciate your patience and cooperation during this difficult time for our country.

This is a fluid situation that is changing daily and we will continue to provide updates via our Facebook page and our website at [www.mountcarmelliving.com](http://www.mountcarmelliving.com). If you have additional questions or concerns, please feel free to contact us.
